RESPONSE

Dear Sirs:

This is in response to the outstanding office communication dated August 2, 2006 in which the Examiner has requested a restriction between three alleged inventions represented by Group I inclusive of claims 1-3 drawn to material suitable for formation of barrier ribs; Group II inclusive of claims 4 and 5 drawn to a method of making the barrier ribs; and Group III inclusive of claim 6 drawn to a liquid crystal display device.

In response to the Restriction Requirement, applicants respectfully elect Group I inclusive of claims 1-3 for prosecution on the merits under 35 USC 121. Applicant does not elect to traverse the Restriction Requirement.

Nevertheless, applicant reserves the right to file a divisional application on either or both of the other species represented by Group II and Group III, respectively.

Respectfully submitted
Attorney for applicant,

Dated: September 1, 2006
